BIG SAVINGS: USE HOME DELIVERY PHARMACY!

Dear Colleagues,

There are big savings by getting your maintenance medications delivered to your door using the Express Scripts home delivery pharmacy for your regular, non-specialty drugs. Instead of getting 30-days’ worth of medication, you will receive 90-day supply for the price of 60 days. The chart below will serve as an example of potential savings for one maintenance drug:

<table>
<thead>
<tr>
<th>TIER</th>
<th>Amount you pay for a 30 day supply by going to your Local retail Pharmacy</th>
<th>Amount you pay for a 90 day supply by using Express Scripts home delivery</th>
<th>Deductible per person per calendar year</th>
<th>Total yearly savings</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>$10</td>
<td>$20</td>
<td>$0 (generic drugs)</td>
<td>$40</td>
</tr>
<tr>
<td>II</td>
<td>$20</td>
<td>$40</td>
<td>* $50</td>
<td>$130</td>
</tr>
<tr>
<td>III</td>
<td>$40</td>
<td>$80</td>
<td>* $50</td>
<td>$210</td>
</tr>
</tbody>
</table>

Note: The $50 deductible does not apply to Tier 1 generic medications when dispensed through a retail pharmacy (e.g., CVS, Walgreens, etc.)

* Does not apply to EPO select 20
*Does not apply when using Express Scripts home delivery

I urge you to take advantage of these built in savings that come with your prescription component of your health insurance. The savings could be significantly higher depending upon how many maintenance medications you and your dependents are presently using. Your 90-day supply will arrive safe and secure to your home days before your medication runs out.

Please take the time and follow these simple steps:
- Go to the Wappingers Congress of Teachers website @ www.wcteachers.org
- Go to benefits
- Click on Health Care
- Click on getting started with home delivery

There you will find a step by step procedure on how to get started, including the Express Scripts home delivery pharmacy order form.

Important Note for “Specialty” Medications: These prescriptions often require special handling, and are sent to you through Accredo (1-800-803-2523). These drugs are obtained through the provider referral process, and are managed for you by your healthcare provider. You may use the phone number to follow up on your medication, if necessary.

In solidarity,

Pasquale Delli Carpini
