New Year’s Resolutions

Happy New Year!

Did you make any New Year’s resolutions?

Have you kept any yet?

Have you broken any already?

The WCRT is looking to go green/greener. We’re trying to recycle more, be more efficient, and “killing two or three birds with one stone.” The cost of everything is going up! Paper and envelopes and ink, electricity and copy machine maintenance contracts to print the newsletters, and postage to mail and deliver them have risen constantly over the years.

WCRT sends out newsletters every other even month to its retirees. The cost of an additional mailing for luncheon invitations/registrations became an expensive line item. We decided to trim our budget and that became one of the first things we did to save a tree and some money also.

In this day and age of websites, Internet, emails, texts, and their instant and immediate delivery, 48-hour postal mail has taken a back seat to technological cyberspace and its lightning speed.

Several notices and reminders appear in this issue:

Attention WCRT members who receive the PostScript by postal mail. Please use the invitation enclosed in your newsletter for all up-coming luncheons. (see page 11.)

The WCRT is going green and saving postage costs.

This new proclamation includes email and postal recipients of the PostScript.

New Year= new look

The PostScript has not changed. The look has. Notice the new logo at the top of this page. Bold, bright, better contrast for our failing eyesight. It also makes a statement about our character. We’re still as bright and bold as before and we have stayed strong. (Our body shape has gotten fuller also.) The original logo served us well for over 25 years, but it was too thin and fine and hard to find in the font books. Notice the contrast between above and below.

Last issue’s front page didn’t offer any late-breaking news, but more of a feature angle. This issue offers lots of good stuff none the less. We’d like to tell part of your story. Send us your pictures with captions. You don’t have to write a term paper a few times a year. (Those days are over.) We can put it on the inside if you want.

These resolutions won’t be broken. Neither will our resolve. Double-check your website account at www.wcteachers.org and or see page 4 for more details.
From The President

SUSAN ROGER WCRT President

Dear WCRT Members,

The evidence is in! Some of the most important things in our retired life are Social Security, Medicare, and the Teacher's Retirement System! Whether you enjoy skiing in the northern part of our country or swimming in the South, these three must be protected!

One way each retiree can help is to donate to VOTE COPE. I donate $5 a month out of my pension. I never miss it, and it amounts to $60 a year. This goes toward helping endorsed candidates win elections. It doesn’t matter if they are Republican or Democrat as long as they are interested in securing what we need as retirees, and are in favor of more aid to public education.

Consider donating to VOTE COPE which is voluntary -- never coming from our dues. Listen to candidates carefully as to make an informed decision in November.

Sincerely,
Susan Roger

LOOKING AT SOCIAL SECURITY AND MEDICARE’S FUTURE

This is another way to further roll back the ACA. Currently, the federal government matches state Medicaid spending. The amount varies as economic conditions change. This insures that people receive their benefits without delay. The new proposal would make these block grants. This means Washington would only give a set amount of money. States would need to spend their own money or cut benefits if there were a shortfall. The people affected by this are usually those who are most vulnerable.

Maybe you are not impacted by Medicaid, but nobody can predict the future and when a program like this may affect you or your family members. You need to pay attention to all proposed changes.

Since Social Security is also defined as some in Washington as an entitlement, people need to be concerned about those who want to “take a look at it.” The coming year’s federal budget will have one of the largest deficits ever. Much of this is caused by the shortfall of tax income from the large corporate tax cuts enacted recently.

There are ways Social Security might be impacted. Among the things being kicked around are increasing the age at which you can receive full Social Security. There could be benefit cuts. You can imagine the fallout if you, a Wappingers retiree, were suddenly notified of a 25% cut in your SS income.

The Alliance for Retired Americans, a labor-friendly organization, in its Friday Alert, for January 31, 2020, warns against a very dangerous bill currently working through a committee in the Senate. It has another of those nice names, the Trust Act. This is the brainchild of Senator Mitt Romney. According to the Alliance, “The stated goal is to address the solvency problems of multiple trust funds set to be depleted by 2035 through creation of ‘rescue committees,’ but the plan is dangerous for seniors, people with disabilities, and others who rely on Social Security and Medicare.”

These political committees could make cuts to benefits that would be fast tracked to the Senate for approval with little or no transparency.

Okay, so maybe there are no jokes and nothing to laugh at as we look to the future of these benefits, but the joke could be on you if you don’t pay careful attention to the issues and the candidates running in 2020.

RA Meeting
January 28, 2020

Greetings from Costa Rica. Thanks to Sue Santos, I can relay all that’s going on in the WCT.

As you may have read, there will be changes in the NYS Graduation Requirements.

There will be a Student Loan Debt Workshop.

WCSD Human Resources has a new absence and substitute management system called AESOP (Automated Education Substitute Operations Program) where teachers can code an absence either half day or full day only.

The school calendar for 2020-2021 is out. Labor Day is late, 9/7.

There will be a Trade Fair hosted by the WCSD and senator Sue Serino, April 23, 2020.

Then HeartShip Fund has had 12 applications. There is $8200 in the fund. Please continue to make donations.

The District needs subs. They are looking to increase the sub pay to $105, but until any changes they are offering a retiree incentive of $150. If you are interested, please contact the District.

Looks like it was a short meeting so they could enjoy their long-overdue Christmas Party that was postponed because of the snow day.

Enjoy the rest of the winter wherever you are. See you at the Spring Luncheon.

CAPE starts programs at JJHS and RCKHS

“The Power of Prevention” is the motto of CAPE, Council on Addiction Prevention & Education of Dutchess County.

The vision of the organization is a prevention provider for substance use disorder and addiction in the Mid-Hudson Region. They implement evidenced-based educational programs, policies, and services in our community.

Their aim is a healthy community.

The plan is to educate families about the risk factors contributing to these disorders and emphasize prevention of this complex brain disease.

Both John Jay and Roy C. Ketcham high schools have Student Assistance Counselors. I work with a committee that has partnered with the WCSD Art Department to run workshops with various artists to show students other avenues to use their time and express their emotions. It is also a time they can ask about CAPE and what we do and possibly make new friends.

We have plans to expand this program to include photography, music, and possibly dance—when we have a permanent space.

CAPE believes substance use disorder is preventable, treatable, and recovery is possible. CAPE cannot sustain itself without help from the community it serves. Hopefully, in this season of giving, you will visit their website, www.capedc.org, and donate or volunteer.

THE MORNING LINE...

New Year’s observations

It's 2020 and I'm STILL waiting to hear when I walk into a supermarket that young counter person or the computer ask: "PAPER or PLASTIC?"

The voice should shout out: DID YOU REMEMBER YOUR REUSABLE BAGS?

Hopefully this will soon be obsolete along with that annoying "Do you want FRIES with that?"

Will we soon be hearing when driving into a service station a loud computerized voice ask: "GAS or ELECTRIC?"

And finally when we attend a Major League Baseball game this year, will we as spectators get to see REPLAYS of the signals being given to the hitter from the dugout on the BIG SCREEN in center field, or will we just see posted "HOUSTON -WE HAVE A PROBLEM!"

I've seen better days,
but I've also seen worse.
I don't have everything that I want,
but I do have all I need.
I woke up with some aches and pains,
but I woke up.
My life may not be perfect
but I am blessed.
