

Home Teaching Responsibilities

Classroom teachers will provide all work and grades for students who are suspended from school or who are provided home instruction for medical reasons for 5 days or less. Classroom teachers will provide the following to home tutors and AHIP teachers for students who are suspended from school or out of school due to medical reasons for more than 5 days:

- textbook
- syllabus/curriculum guide
- information on what topics will be covered during the time frame the student is out of school
- Supplemental resources if available.

The teacher providing home instruction or AHIP instruction will be responsible for grading student work for students receiving instruction from them for more than 5 days.
